Exemption 5 (attorney-client privilege)

BTW: While working WAPA, WAMA, HOVENSA, I've also been working on, among other things, Next Gen Boilerplate going up to Giles, and FOG SOPs (Field Activities Report SOP (co-lead), Field Documentation SOP (creating new electronic recd language) and Record Management SOP (co-lead)), and another SOP needs to be reviewed, which I haven't gotten to. Many of the issues I've been finding are being raised at the call tomorrow, so I can not miss it. I will therefore be out of commission between 10-12:30. We're trying to get you a briefing document tonight.

Hi all. Yesterday dawn Henry contacted me to say that she and governor Mapp will be in NYC on Friday June 26. We will be meeting that morning. Lisa will circulate the agenda. I may need some of u to join me for part of the agenda.
